A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" *cures* all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for like purposes that contains neither alcohol nor harmful habit-forming drugs, and the only one, every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address *free*, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of.

The "Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of the so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has THE BADGE OF HONESTY on every bottle wrapper, in a full list of its ingredients.

Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

TO CURE ANY DISEASE.

The Cause Must be Removed, Same Way With Dandruff.

Kill the germ that causes dandruff, falling hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. Newbro's Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destoying the dandruff germs. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good," will not do the work of genuine Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Grave Conditions in Russia.

The Jewish World, of London, has received the following dispatch from Dvinsk (also termed Duanaburg), province of Vitebsk, 110 miles southeast of Riga, dated June 18:

"Fifty persons have been killed in the anti-Jewish rioting at Starosielsce, not far from Bialystok. The state of mind of the populace is indiscribable."

A dispatch from St. Petersburg says that M. Vinaver, a member of the lower house, yesterday received the following dispatch from M. Jacobson, a member of the commission sent to Bialystok by the lower house of Parliament to investigate the Jewish massacre there:

"Order was restored Monday. Seventy-eight Jews and six Christians have been buried. The majority of the dead were killed with bayonets or rifle bullets. The total of the dead has not yet been established. A Cossack on Monday killed a passing Jew.

"The City Council has unanimously declared that the massacre was not the result of race hatred, but was due to provocation, and the troops and police participated in the outrages.

"The reports that Jews and revolutionists attacked the inhabitants are false."

Private letters received in St Petersburg from Kharkoff predict that the entire south of Russia will be in a state of open revolution within a month.

Dispatches from the interior yesterday bring the usual chronicle of murder and robbery. Fresh strikes are reported at Kaluga, Kromentchug, Zhitomir, Volsk and Usting Veliki, but the success of the attempt to precipitate a general strike is by no means assured. The Novoe Vremya, however, reports that the engineers of the Moscow Railroad have decided not to take out their locomotives today. The government has made extensive preparations to meet the strike movement. Military trains are held in readiness at all the stations of St. Petersburg and Moscow.

The masons and stonecutters joined the bakers in the strike yesterday, and the butchers will follow their example today. The prices of bread and meat have been doubled.

A dispatch from Bialystok says that dozen of Christians of the lower classes were seen with sacks on their backs coming from the desolated Jewish quarter to submit to the examination of the soldiers and police. If the sacks contained plunder none of it was seized.

As the correspondent passed through the streets strewn with wreckage they could be seen hastily barricading what was left of their houses. Many of them adopted the artifice of placing ikons or crosses on their doors in order to avert the attacks of the Christians.

An unknown man threw a bomb at M. Hunbert, the governor of the prison at Kovno, and M. Akatok, his assistant, while the men were walking in the street there yesterday. M. Akatoff was seriously wounded and M. Hunbert and two passers-by were slightly injured.

There is ferment in the local garrison at Kaluga, Russia, the soldiers sympathizing with the striking railroaders. The Second Reserve Regiment yesterday refused duty, saying they would not serve against their brothers. A battalion of fresh troops has arrived, from which patrols have been assigned to all the streets. The banks, post and telegraph offices are guarded and the government house is surrounded by troops. The feeling there is extremely uneasy.

A crowd of 2,000 peasants, who have been devastating the Yuerenoff estate, near Sudzha, yesterday routed a detachment of rural guards that had been sent against them. Two peasants were killed.

The troops at Azovsky yesterday openly applauded a revolutionary procession of 8,000 miners and workmen.

Private letters received at St. Petersburg from Kharkoff predict that the entire south of Russia will be in a state of open revolt within a month.

The lawlessness in the Caucasus is growing. In spite of the patrols of soldiers and police, murder and robbery are unchecked in Tiflis. At noon yesterday 15 brigands armed to the teeth boarded a car in the center of the city and held up and searched the passengers, taking their purses and jewelry. No arrests were made. The inter-race war between the Armenians and Tartars is spreading.

Ansa Zedin, who gave State's evidence at the recent trial at Riga of 36 revolutionists, which resulted in the imposition of seven death sentences, was killed yesterday in his apartments by three unidentified men.

A Miraculous Cure.

The following statement, by H. M. Adams and wife, Henrietta, Pa., will interest parents and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed. 50c and $1.00 at E. S. Leadbeater & Sons' drug store.

Republican League of Clubs.

Philadelphia, June 20.—The Republican League of Clubs assembled in convention here in connection with the Golden Jubilee of the party is today wrestling with the question as to the successor of President J. Hamsden Moore, and the consensus of opinion is that the lead in the trace is held by General Dick McAlpin, the candidate of the New York State delegation to the convention. The personal contest between H. M. Meyers and Sid D. Redding, of Arkansas, has been settled by Redding withdrawing from the race in the interest of harmony. The New York delegation dropped William Stewart and began to boost for General McAlpin, who was formerly treasurer of the republican State committee in New York. The Ohio delegates at first boomed Scott Bonham, but later switched to McAlpin, and in the early afternoon it looked as if the New Yorker might be chosen on the first ballot. A letter from Vice President Fairbanks was read to the convention and the reading was vigorously applauded. Late this afternoon the delegates will be taken on a steamboat ride to the Delaware capes and return.

The Murder of Mrs. Kinnan.

New York, June 20.—Acting Captain Price is working on the theory today that a relative, or some person known intimately to Mrs. Louise Stenton and who enjoyed confidential relations with the two women in the Bronx house of mystery, is the person who visited the house the night that Mrs. Alice Kinnan was murdered. This person will be able to furnish the police, Captair Price believes, with the details of the crime. Disclosures leading to this conclusion were made following the search of the house after the removal of Mrs. Stenton. While this latest development is declared to be a new clue, it simply recurs to the initial investigation made by the police when they suspected a relative. In the absence of evidence no arrest was made. The old trail has been taken up now, and it is stated that an arrest will be made. "When we do take some person into custody for the murder," said Captain Price yesterday, "we will have undeniable proof. It would be a bad thing to charge any one with the crime unless we could make good, and that is why we are proceeding cautiously."

Locomotive Engineers.

Ottawa, Ont., June 20.—The convention of the Brotherhood of Locomotive Firemen began here yesterday. Seven hundred delegates from all parts of the United States and Canada are in attendance. The proceedings were opened by an address by J. H. Hanrahan, Chief of the Brotherhood. The sessions will be secret and important matters relative to the order will be considered. The delegates will be tendered many entertainments while here. The ladies' society connected with the brotherhood is also in session.

You cannot induce a lower animal to eat heartily when not feeling well. A sick dog starves himself, and gets well. The stomach, once overworked, must have rest the same as your feet or eyes. You don't have to starve to rest your stomach. KODOL FOR DYSPEPSIA takes up the work for your stomach, digests what you eat and gives it a rest. Puts it back in condition again. You can't feel good with disordered stomach. Try Kodol. Sold by W. F. Creighton & Co., 401 King street.

Extra Choice Head CAROLINA RICE. Just received by J. C. MILBURN.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, JUNE 20, 1906.

In his address at the commencement exercises of Clark University, at Worcester, Mass., yesterday, President Hyde, of Bowdoin College said:

It is of infinitely more consequence how a rich man makes his money than how he spends it. The man who makes his money by unjust discriminations, bribed legislation, the promotion of unsound enterprises, the manufacture and sale of deleterious and fraudulent wares, the misuse of positions of trust, and then gives away large sums to education or religion or charity, is a man whose evil influence exceeds his good influence in the proportion of ten thousand to one; while the man who never gives away a cent, but carries on a sound and liable industry, under healthful conditions, in fair competition without the purchase or favor of legislators or public service corporations, and without the mis use of trust funds or betrayal of delegated responsibility—that man, though he be the stingiest miser in the world, his giving has the balance of good social influence overwhelmingly in his favor. Unless business is so administered as to afford remunerative employment, so far as this is possible; unless the conditions under which men work are reasonably healthful and the product is genuine and wholesome, the presidents and managers, the directors and stockholders, so far as they are responsible for the absence of these conditions, are to be ranked in this twentieth century as no better than pilfering thieves and red-handed murderers. Thus have the manipulators of insurance funds, the packers of unwholesome meat, the concoctors of deleterious and useless medicinal compounds, been already branded.

In the main President Roosevelt has secured what he contended for in the final shaping of the meat inspection bill, though he yielded in unessential particulars. Neither the regulation of the courts nor of the civil service rules has been thrust aside, though no court review is specifically provided for. Inspection is to be at the public cost and it is to be thorough. The power to make it thorough is lodged in the hands of the federal authorities. Hereafter, if the meats sent from the hands of the packers to common carriers are not of a quality to justify the label placed upon the packages the fault will be in a failure to enforce the safeguards provided by law. The experiment will be a costly one, however.

A young woman who had been annoyed at Tolchester Beach, Md., yesterday, by a young man coolly removed a pin from her hat and approaching the individual who had annoyed her used the weapon upon him in a manner to cause him to faint. It was at first thought the "masher" was dead, and the excitement on the steamer was for a time intense. It was subsequently shown that the object of the young woman's wrath was not seriously injured. It has often been suggested that a hatpin is a formidable weapon in the hand of an infuriated woman, and the female referred to above seems to have acted upon the hint.

The report of the International Mercantile Marine Company shows an increase in gross and net earnings, leaving a surplus of $2,026,689. The company carried one-quarter of all the passengers between this country and Europe and half of the first-class passengers. In face of this there are those who insist that this government should pay a subsidy to the rich ship owners.

Freedom for a man who pleaded guilty to selling merchandise valued at nearly $100,000 which did not belong to him and appropriating the money, and six years in prison for another who stole 25 cents, were the portions meted out to two prisoners in New York yesterday. The old story of Alexander the Great and the robber is brought to mind by such court rulings.

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, June 20.

The advocates of a lock canal at Panama have won their fight in the Senate. A careful poll which has been made shows that there are 46 Senators, with possibly one more to be won over, who will vote against the sea-level plan when the bill comes up tomorrow and will substitute therefore a declaration in favor of the lock type. This means a majority of either three or five in behalf of less expensive and more quickly constructed waterway to connect the Atlantic and Pacific oceans. As the House has already placed itself on record for the lock plan the vote at the other end of the the Capitol will settle the question. Three weeks ago, if the vote on the pending bill had been taken, the Senate would have endorsed the sea-level idea by a large majority, for the democrats were, and are now, practically united on that plan and there was a big republican vote for it. Then Senator Allison became ill. During his enforced confinement he read the literature on the canal subject, with the result that he concluded that time and money would be saved by building the canal with locks. Senator Aldrich fell in with this idea and started an energetic campaign. He was backed by the force of administration approval and recommendation. Perhaps the solidity of the democratic vote was itself an argument against the sea-level bill. The speeches of Dryden, Knox and Hopkins also had some effect as did the argument that the lock, while being $100,000,000 less expensive and capable of being completed several years earlier, would accommodate the shipping business for at least the next fifty years. Senator Kittredge, who has led the fight for the adoption of the sea-level plan, will not yet admit that he is beaten, but others who have been working with him are now willing to concede their defeat.

Clarence M. York, for the past seven years private secretary to Chief Justice Fuller of the United States Supreme Court walked out of a second-story window of the Garfield Hospital, in which he was a patient early this morning and died from the effects of the fall to the ground. Mr. York was taken ill yesterday and was removed to the hospital by his physician in an automobile. His condition was not serious. It is supposed that during the night Mr. York, half awake and bewildered by his new surroundings, walked out of the window entirely unintentionally. He leaves a wife, who has been spending the last few days in Atlantic City. York came to Washington seven years ago from New York.

A delegation from Boston call at the White House this morning to protest against the enactment of the proposed immigration bill. The protestants were Matthew Cummings, of the State federation of the A. O. H. Dr. Joseph Santosuos-o, representing the Allied Italian Societies of Massachusetts; and Philips Rubenstein, representing the Jewish organizations of the state. The features of the bill which are regarded as particularly objectionable are those increasing the head tax on aliens; the educational test; and the "low vitality cause", depriving the immigrants detained on that account from the right of appeal, as at present, from the decision of the examining physician to the Secretary of Commerce and Labor.

Senator Kittredge of South Dakota was a very mad man when he called at the White House this morning. He came to protest against the appointment of James D. Elliott as U. S. Attorney for South Dakota, and, it is understood, told the President that he would oppose his confirmation if the nomination was sent in. The President told Senator Kittredge, it is said, that the appointment would be sent to the Senate anyway. A bitter war is on between the Kittredge and the Gamble forces in South Dakota. Mr. Elliott is the present U. S. Attorney and is the candidate of Senator Gamble and his selection for reappointment is regarded a severe setback for Mr. Kittredge. The returns from the primaries held in South Dakota recently show that the Gamble crowd is on top and if Senator Kittredge opposes the President out of pique it is not likely that he will gain any friends in his State for that attitude. It is understood that Senator Kittredge will attempt to secure the "hold up" of the Elliott nomination. If he does the President will make a recess appointment.

Simon Wolf, representing the B'nai B'rith Society, called at the White House today to solicit the President's interference on behalf of the persecuted Jews in Russia. The President expressed his sympathy for the sufferers, but stated that he was powerless to make any representations to the Russian government on the subject.

Officials of the operating departments of the Western Maryland Railroad and the Chesapeake and Ohio Railroad were witnesses today at the session of the Interstate Commerce Commission, investigating the relation of the railroads to the coal business of the country.

Asphyxiated by illuminating gas George W. Depro, an awning maker, was found dead in his room on the third floor of 927½ E street northwest, about 9:30 o'clock this morning.

The United States government may increase its legation guard in Pekin, China, by 200 marines. Notwithstanding the evident desire of the State Department to have the impression prevail that conditions in China are assuming a normal and better aspect, it is learned today on the best of authority that rather disquieting dispatches have recently been sent to the department from its agents in China. This has led to several conferences during the past few days between Secretaries Root, Taft and Bonaparte regarding the advisability of sending reinforcements to the Pekin legation guard, which now consists of three officers and 109 enlisted men. The State Department regards reinforcements in Pekin, if not absolutely essential, most advisable. The question has arisen, however, how additional marines to the number of 200 can be sent to Pekin without the suspicions of the Chinese populace, ever ready recently to grasp at the smallest excuse for anti-foreign agitation. Some doubt also exists as to the right of this country, under the protocol of 1901 between the United States and China, to send more troops to Pekin. These are matters now receiving the earnest consideration of the official of the government in this city, who are again watching the drift of affairs in China with no little trepidation. The greatest reticence regarding the matter is being preserved in official circles, where knowledge by the Chinese Government of the fears entertained here would be greatly deplored.

The Comptroller of the Currency has issued a call for the reports of the conditions of National Banks at the close of business on Monday June 18th.

The President sent to the Senate today the following nominations: To be United States Attorney for the District of Maryland, John C. Rose; to be United States Marshall for the District of Maryland, John F. Langhammer; to be Naval Officer of Customs in the District of Baltimore, J. Stuart McDonald; to be United States District Judge for the Southern District of New York, Charles M. Hough.

Held on a Grave Charge.

Charge with conspiring to sell the chastity of his wife, Charles A. Fisher, a well driller of Cedar Creek, in the southern part of Frederick county, is in the Winchester jail and will be taken before Magistrate William Davidson, at Middletown, and evidence offered that the prisoner had mistreated his wife on numerous occasions since their marriage at Harisonburg several months ago. It is stated that when Fisher married he had hopes of his wife inheriting a fortune, but that he was disappointed and then made things generally unpleasant for her. Mrs. Fisher is said to be in a precarious condition. A man living at Orando, Shenandoah county, is alleged to have entered into the conspiracy with Fisher, and more arrests are expected this week.

A family of five—C. W. Martin, his wife and three children—were drowned last night in Little Minnesota river, near Bosco, S. D. The family went to Bosco Monday from their farm to see a circus. Returning home late at night along the river road, Martin drove off the bank in the darkness. The whole family and one of the horses perished in the river, which was swollen greatly by recent rains.

Fifty-ninth Congress.

Washington, June 20.

SENATE.

The determination of Senate leaders to secure trial adjournment of Congress by the last of next week, was made manifest today, when Senator Hale's request for a night session to consider the sundry civil appropriation bill, which he reported, was unanimously granted The bill as amended by the Senate carried $7,760,209 more than the House bill.

Included in this increase in the appropriation of $1,450,000 for the Government participation in the Jamestown Exposition.

Mr. Hale announced that the House leaders had promised that the last great supply measure, the general deficiency bill, would reach the Senate by Tuesday.

When the Senate this afternoon took up the request of the House for a conference on the agricultural appropriation bill, which contains the beef inspection substitute to the Beveridge bill, Mr. Proctor, chairman of the agricultural committee, invited criticism as a guidance for the conferees. He expressed his objection on the provision requiring the government to pay the cost of inspection.

In commenting upon the thousands of telegrams received from cattlemen, he noted an exact similarity of expression. "This shows to my mind that the packers know how to secure the influence of their constituents," he drily remarked

Mr. Beveridge congratulated the Senate upon the passage by the House of such a fair and good bill but he urged that the packers should be made to pay the cost and that they should be required to print upon the label the date of inspection.

HOUSE.

The House, on motion of Mr. Burton, of Delaware, passed the Mudd resolution providing for the appointment of a commission to report on the feasibility and cost of connecting Delaware and Chesapeake bays by a ship canal across the Delaware peninsula.

When the House has disposed of miscellaneous business to be transacted under suspension of the rules this afternoon, the pure food bill will be brought up. In accordance with an understanding had with Speaker Cannon, more than six weeks ago, the bill will be brought up, accompanied by a rule, limiting the debate to two legislative days.

The House today, by a vote of 176 to 68, passed the Watson bill making an annual appropriation of $25,000 for the traveling expenses of the President of the United States.

The votes in the negative were cast by democrats, many of the minority party supporting the measure.

In the Senate the provision has been tacked to the sundry civil appropriation bill, from which it had previously been stricken in the House, on a point of order

An agreement will be reached on the subject.

The older man is said to have advanced on his wife, knife in hand, threatening to kill her, when John Gray, aged seventeen, entered the room. He pleaded with his father to desist. This enraged the father, and he then threatened to kill them both. The son seized a gun and fired on his father. The load almost tore off his face. Young Gray told of the deed, and gave himself up.

Negro societies may, if they desire, adopt and use the emblem of any secret organization which excludes them from membership according to a decision rendered by the justices of the Court of Special Sessions in New York yesterday. The decision was given in the case of Olridge R. Johnson, a negro employed as a cleaner in the Ludlow street jail, who was arraigned on three separate charges growing out of his wearing a button with the emblem of the Order of Elks upon it. Johnson was discharged.

Mrs. Annie Witz, who was shot a few days ago by Charles Doom, with whom she eloped from Staunton, Va., has made two attempts to throw herself from the third story window of the Maryland University Hospital, Baltimore, in which she lies in a precarious condition. Last night, policemen were placed at the bedside of both her and the man, who, after shooting her, tried to kill himself, to prevent further attempts at suicide. Since they have been at the hospital each has continually inquired about the welfare of the other and each is kept in ignorance of the other's condition. Doom begs to be permitted to take her in his arms once more. The woman desires to ask the forgiveness of the husband she left in Virginia.

No Harm to Kiss.

Magistrate Finn, in the Yorkville, N. Y., Police Court on Sunday gave advice to a young man arrested for kissing his sweetheart in public. The magistrate asked, "What is the charge against the prisoner?" "He was hugging a girl this morning at 2 o'clock in the public street," replied the policeman. "Well, I dont see any crime in that. I have hugged many a girl myself," remarked the justice. "But they refused to go home when I told them to," said Flynn, "and went on hugging harder." "Well it was harmless and perfectly natural if she was his sweetheart. They both evidently enjoyed it very much," retorted the magistrate. Turning to the prisoner he continued. "You had a perfect right to hug and kiss your girl just as you please and when you please, but in future make it your business to do your hugging and kissing in private."

Sheriff Brown, of Somerset county, Md., yesterday morning presented requisition papers to Governor Swanson for the negro Wm. Lee, wanted in that county for criminal assault, and the requisition was honored at once. The Sheriff started for Norfolk at 4 o'clock for the prisoner, who was placed in jail there immediately after his rescue in Northampton county, from a Maryland mob, and will return with him probably to Baltimore today. Sheriff Brown was reticent about his plans, but said there is no danger now of Lee being lynched, it being well understood that he will get a speedy trial and be executed without delay.

Fight With Burglars.

A pistol fight, with eight burglars on one side and Postmaster Harry M. Bigelow, his wife and son on the other, occurred near Washington, N. J., early yesterday morning. Although twenty shots were fired, it is not believed that any of the burglars were injured. The building was riddled with bullets, but none of the members of the Bigelow family was hit.

The burglars broke into the general store and postoffice at Hampton Junction shortly before 3 o'clock yesterday morning. They blew open the safe and secured about $500 worth of stamps and money, and they were about to leave the building when Mrs. Bigelow, who had been awakened by the noise of the explosion, threw open a window over the store to learn the cause.

As she did so one of the burglars, who was standing near the door of the store, threw a flashlight upon her, completely blinding her for a moment. She ran into her room, alarmed her husband and son, and grabbed her own revolver.

All three hurried to windows on the floor, and as they reached them they saw the burglars making off. The three opened fire on them, and the burglars paused long enough to return the volley, when the Bigelows answered by firing again. Some of the burglars then fired once more, but the others made off in a hurry and disappeared in the darkness.

The noise of the shooting aroused a number of citizens, but when a posse was organized to hunt for the burglars they had made good their escape and are still at large.

An investigation of the store showed that the burglars had secured all the money and stamps there were in the safe.

A general alarm has been sent out for the men, but it is not believed they will be captured, as they have no doubt separated long before this.

Divorce Granted.

Judge Harrison, of the Circuit Court at Winchester, yesterday signed a decree granting a divorce to Mrs. Mary A. McCune from her husband, James G. McCune. Mrs. McCune is the daughter of Charles F. Parker, of Cedar Creek, Frederick county, and is not yet 17 years of age. Some years ago, while a member of the Virginia State Senate, Mr. McCune gained great notoriety as the father and patron of the "anti-kissing" bill, the provisions of which prohibited flirtations with schoolgirls in this State. Through his connection with this measure Mr. McCune became known as the "anti-kissing" statesman. On September 20, 1905, at the age of 40 years, Mr. McCune eloped from Winchester to Hagerstown, Md., with pretty Mary Parker, then not 16 years old. The couple were married at Hagerstown by Rev. A. B. Statton. There was great opposition to the match on account of the youth of the bride. A few weeks after the wedding Mrs. McCune, through her attorney, R. Gray Williams, filed a bill asking for divorce, basing her complaint on the ground of wilful desertion, which, she alleged, took place on October 6, 1905, a little more than two weeks after the wedding. She charges that Mr. McCune had never contributed to her support, with the exception of the expenses on their wedding trip. The court denied her request for alimony of $15 per month.

Elopement.

Failing to overcome the objection of her parents, who, she said, had selected another man to be her husband, Miss Louisa M. McIntyre, of Warrenton, eloped to Washington yesterday with William Armstrong, jr., of Norfolk, and the couple were married in the forenoon by Rev. J. B. McLaughlin, in the latter's office in the Columbian Building, on Fifth street northwest. The bridegroom is a student in the Bethel Military Academy, near Warrenton, and it was there he made the acquaintance of the young lady who yesterday became his bride. To the marriage license clerk at the City Hall both of the parties gave their age as 22 years. The young lady is a daughter of Major McIntyre, a well-known resident of Warrenton. When the ceremony was over she told the clergyman that her parents objected to the marriage because they had decided upon another man for her husband, but that she had made up her mind not to marry a man she did not love. Mr. and Mrs. Armstrong left Washington yesterday afternoon for Norfolk.

Today's Telegraphic News

Conditions in Russia.

St. Petersburg, June 20.—Advices received today are to the effect that agrarian disorders, which have prevailed for several days, have been concentrated in the Orel district. Great unrest, however, prevails in the Volga regions, and the government is ready to meet with any serious disturbances. In conversation with the representative of the Publishers Press a high government official said today that all the rumors of unrest among the troops were devoid of foundation and were calculated to create general agitation throughout the country. Nothing definite is known in official circles, he said, what aroused the disorders in Cronstadt, where, it is reported, many persons were killed and wounded.

St. Petersburg, June 20.—The sudden change of plan on the part of the ministry desiring to dismiss the Douma is attributed by the constitutional democrats to the discontent prevailing among the guard regiments, especially the troops stationed at Tsarskoe-Selo. The soldiers, it is asserted, have made plain their unwillingness to fight against their own people in the event of disorders arising as the result of the dissolution of the national legislature.

London June 20.—The correspondent of the Exchange Telegraph Company at St. Petersburg wires that heavy firing is in progress at Cronstadt. Sailors are assembling in the streets and a meeting is in progress. No one is allowed to visit the city and the police are taking strong precautions to prevent disorders.

A telegram to the Jewish World from Bialystok says that the governor made a speech to the police of the city before the massacre there broke out, in which he said: "Do your duty according to your oath, as you have done it hitherto." The Jewish shops are all closed in that city as a sign of mourning.

The Murder of Mrs Kinnan.

New York, June 20.—It is now the positive belief of the police that aged Mrs. Stenton knows absolutely who killed her daughter, Mrs. Alice Kinnan, and the detectives working on the case have determined upon a plan to extract the needed information which will lead to the arrest of the murderer from the unwilling woman. She is to be subjected to the police "Third Degree."

That Mrs. Stenton may come into the hands of the police charged with a crime is now said to be probable, for Captain Price declares that he has evidence that the woman had for years and until the day of the death of her daughter, conducted a "fence" in the mysterious Bronx mansion. The remarkable collection of goods declared to have stolen, the sandbags used by highwaymen, the daggers with the spring catches, and other significant paraphernalia has furnished a series of remarkable disclosures, at least to the police, of the career of Mrs. Stenton, if not actually throwing light on the crime of murder.

Efforts are now being made by the detectives to get Mrs. Stenton into their official control so that the "third degree" may be administered. The police do not believe that the old woman is senile. On the contrary, they describe her as a most remarkable woman, and a natural born actress.

"If Mrs. Stenton chose to, she could unravel the mystery of her daughter's murder in five minutes. She knows who killed Mrs. Alice Kinnan, and she has withheld this information to protect herself, as well as to shield the murderer. There is everything to show that the old woman has been engaged in an illegitimate business and that she has had male associates. Mother and daughter have been mixed up in strange transactions."

Thus spoke Captain Price after the police had discovered a secret room in the old mansion at No. 2464 Washington avenue, in the Bronx, and had found in it and elsewhere in the house evidences of crime and preparation for crimes as desperate as murder.

Accident in a Tunnel.

New York, June 20.—Two men were killed and two others injured as the result of the flooding of a portion of the Pennsylvania railroad tunnel at Thirty-third street and the East river, this morning. The dead are John Gray and James Williams, the latter a negro, addresses unknown. The injured are John Gratia, of Grand street, Hoboken; Davis Hall, negro, of this city. Shortly after six o'clock 35 men were at work in shaft D, which is about 200 feet from the Manhattan end of the tunnel when a leak sprang about the shield, the compressed air not being strong enough to withstand the force of the mud on the other side. The water began to flood the shaft, and the workmen made for the emergency door through which all but the two named escaped. The dead men were caught in the mud and drowned.

Revolt Nipped in the Bud.

Tokio, June 20.—It is openly said in government circles that a Corean revolt against Japan was nipped in the bud just in time by the arrival at Seoul yesterday of the conspirators. The plot, it is asserted, was to raise troops for the purpose of expelling the Japanese and to ask Russia to assist in the undertaking. The conspirators were taken just as they were leaving the palace at Seoul and documents which they carried, bearing the imperial seal, prove the existence of the conspiracy, it is stated, as their papers authorized the levying of troops. Additional arrests were made today in connection with the conspiracy, bringing the total number of arrests up to 130. The Corean vice minister of the interior is one of the men under arrest, and a privy councellor and a lieutenant general are also said to be involved in the plot.

Senator Platt's Wife, She Says.

Colo, Mich., June 20.—Mae Catherine Wood, who since the marriage of United States Senator Thomas C. Platt to Mrs. Lillian T. Janeway, announced that she would publish a work called "Love Letters of a Boss," has turned over to her attorneys, O'Flaherty & Fulton, of Richmond, Va., what she says is a marriage certificate. By this she will seek to establish her marriage to Senator Platt. Letters requesting her presence at the Fifth Avenue Hotel, New York city, November 9, 1901, the time of the alleged marriage, will be shown as additional evidence. She claims she is the second wife of Platt, and was never divorced from him.

Plea of Not Guilty.

New York, June 20.—A. S. Burroughs, counsel for the Mac Andrews & Forbes Company, of this city, and the John S. Young Company, of Baltimore, the two corporations indicted by the federal grand jury for violation of the anti-trust law, appeared before Judge Thomas in the criminal branch of the United States Circuit Court today, and entered a plea of not guilty on behalf of his clients. Ernest E. Baldwin, counsel for Karl Juengblenth, president of the Mac Andrews & Forbes Company, and Howard E. Young, president of the John S. Young Company, entered a like plea for each of the defendants. Both counsel reserved the right to withdraw the plea or make a motion to quash the indictment or file a demurrer. Judge Thomas allowed the defendants until July 9 to interpose any new motion. Counsel and the two individual defendants then proceeded to the office of United States Commissioner Shields, where bonds in the sum of $5,000 each were given for defendants. The trial of the defendants will take place at the October term of the court.

Terrible Tragedy Averted.

Geneva, Switzerland, June 20.—The police have just averted a terrible tragedy here. Receiving information that a notorious Russian revolutionist was planning a bomb outrage, the police visited the house in which he resided and found him engaged in manufacturing bombs. A large box of bombs ready for use was discovered under a bed. The building adjoining the house in which the Russian revolutionist was found is a large hotel full of American and English visitors. It is the general belief that the man was planning to blow up this hostelry and to kill every one in it.

Mitchell Knocked Out.

Wilkesbarre, Pa., June 20.—Jack Cardiff, of Reading, Pa., knocked out Jack Mitchell, of Pittston, in the seventh round of what was to have been a fifteen round bout at Plymouth last evening. Cardiff forced the fighting, but Mitchell held his own until the fifth round, when he went down from a heavy blow in the nose. In distress in the sixth and after one minute of fighting in the seventh Cardiff sent in a stiff right blow to the heart, and Mitchell went down for the count.

Washington Assailed by Minister.

George Washington was not first in war, first in peace, and certainly not first in the hearts of at least one of his countrymen, according to the Rev. Dr. David Steele, rector of the fashionable parish of St. Luke's, Philadelphia, who at the evacuation-day exercises at Valley Forge yesterday smashed into smithereens these ideals of the country's first president.

Rev. Dr. Steele was the principal speaker at the dedication of the Pennsylvania Day of the cloister of the colonies, constructed in connection with the chapel erected to the memory of Washington as the ideal churchman of the colonial period. Bishop Whitaker, a score of Episcopal clergy and several thousand lay members of the church were in attendance, and consequently were jarred by Dr. Steele's iconoclasm. The speaker admitted that, considered compositely, Washington was an ideal country gentleman, but said he could not be analyzed, because he was not a churchman, and would rather follow the hounds on Sunday than sit in church. He also declared he was not an ideal soldier, for, although the commander-in-chief of the American army, a battle was never won by his command. The Rev. Mr. Steele further declared his statesmanship was not beyond question.

DIED.

At his residence in West End Tuesday, June 19, at 6:20 p. m., JOHN T. BLOXHAM, in the 87th year of his age. Funeral tomorrow (Thursday) afternoon at 2 o'clock. Friends of the family are invited to attend.

IN MEMORIAM.

In loving, but sad remembrance of my dear grandfather, Capt. JAMES H. BEACH, who departed this life six years ago today.

In the graveyard, softly sleeping,
Where the flowers gently wave,
Lies the one I love so dearly
In his lonely, silent grave.
He's gone, but I'll ne'er forget him
Tho' his dear face I'll see no more;
But in heaven I hope to meet him
Where our parting will be o'er.

BY HIS GRANDDAUGHTER, LENA.

In sad, but loving remembrance of our dear mother, AMELIA TRAVIS, who entered into rest three years ago today.

We handled her tenderly, we laid her to rest,
Happy in number but one with the blest;
Sadly our hearts did ache to see her go,
Our only comfort was God willed it so.

BY HER CHILDREN.

Final Dance.

The final dance given at McBurney's Hall on Monday night by the students of the Episcopal High School, brief mention of which was made yesterday, was a very enjoyable affair and was attended by many young people from Seminary Hill, Washington, this city and elsewhere. The joint committee elected by the societies of the school to conduct the dance was as follows: Fairfax Society—H. E. Bateman, joint chairman, D. B. Williams, H. M. Bowen, J. H. Bowen, C. W. Smith and Arthur Snowden. About forty couples and twenty stags took part in the dance which was kept up till a late hour. An orchestra from Washington furnished the music.

Symonds-Ewing Wedding.

A charming June wedding took place at the Presbyterian Church last evening at 8:30 o'clock, when Miss Maybelle Ewing, of this city, was married to Mr. Edmund Harvey Symonds, of New York city. The bride was attended by her sister, Miss Jeannie Pendleton Ewing, as maid of honor; her sister-in-law, Mrs. William Nicholas Ewing, of Shelbyville, Ind., dame of honor, and four brides' maids, Misses Lila and Kittie Barrett, Miss Ruth Bryant and Miss Cornelia Long Somerville. The ushers were Mr. Edward Gilmore, of New York; Mr. George Hiden, of Washington, and Messrs. Arthur Bryant, Taylor Burke, Mahlon Janney and Aylett Nicol, of this city. Mr. Symonds was attended by his best man, Mr. Henry McCorkle, of New York. The bride wore a beautiful princess dress of white satin trimmed with duchess lace, and a tulle veil, and carried a sheaf of bride roses. The maid of honor wore nile green chiffon over green silk, and carried white flowers; the bride's maids wore white lace dresses with dainty green satin girdles and carried white flowers, thus completing the color-scheme of green and white. The bride entered the church leaning on the arm of her brother, Mr. William Nicholas Ewing. Lohengrin march was played by Mr. Sherman Fowler, and the officiating clergyman was Dr. Henry Waddell Pratt, of Washington. The altar was charmingly decorated with palms and other plants. After the ceremony a reception was given at the bride's home on Prince street for the bridal party and out of town guests, with a few intimate friends. Mr. and Mrs. Symonds left shortly before midnight for an extended trip to the North and Canada, remaining some time in the Catskills and returning to New York late in the summer, where they will make their home. The bride, who is deservedly popular and admired in Virginia, is a great-granddaughter of the late Philip Pendleton Barbour, Justice of the Supreme Court of the United States, and a cousin of the late well-known Senator John S. Barbour. The bridegroom, who is of English extraction, is a southerner by birth, but has lived for a number of years in New York, where he is a member of several prominent clubs.

Fire Last Night.

Shortly before 12 o'clock last night fire broke out in the back portion of the upper story of Mr. B. B. Smith's store on the north side of King street, near Pitt, and for a time it was feared a serious conflagration would result, but the department responded quickly and after some difficulty succeeded in checking the flames. A considerable quantity of inflammable material, including fireworks, was in the portion of the building which was burning and the explosion of the fireworks at times increased the apprehension. Many toys were also destroyed, and the stock of cigars and tobacco in the upper rooms was ruined by the water which it was necessary to use in order to check the fire. The building was also considerably damaged. The latter was insured, but no risks were carried on the stock. Mr. Smith estimates his loss at $1,200.

Half-Holiday on Saturdays.

In an executive order yesterday, President Roosevelt declared that on Saturdays in July, August and September, four hours, exclusive of time for luncheon, shall constitute a day's work for skilled mechanics and laborers and employes in the classified civil service at the Washington navy yard. The provision was made, however, that if any skilled mechanic, laborer, or employe in the classified civil service shall work more than four hours on any Saturday during the aforesaid months, he shall be paid for such extra work at the rate of 50 per cent more than his regular and normal compensation. This last provision cuts down the wages received for extra work. Heretofore employes have received two and one-half times the regular schedule for work on holidays.

Laborers Injured.

Early last night while a north bound freight train of the Southern Railway running at a high rate of speed was a short distance south of Remington one of the standards of a car loaded with lumber fell and planks were scattered on the south bound track. In passing Remington the freight train ran close to a work train, and the loose planks were thrown into a gang of colored laborers, three of whom were severely injured. They were taken to Clifton this morning for treatment. The freight train was stopped and the scattered planks removed from the track. A telegraph message had in the meantime been sent to Bealeton to hold all south bound trains until the track was cleared.

Fall of Wire.

The fall of electric railway wire is almost a daily occurrence in this city, and such incidents naturally cause apprehension. A long stretch of wire fell again yesterday at King and Royal streets, and fire flew in every direction. Repairs were made immediately, as is always the case, but they prove to be only temporary. Such incidents are attended with great danger to people who are passing along the street at the time, and before some one is killed steps should be taken to render the wire secure. The attention of the railway company has on several occasions been unofficially called to the matter, and it is now up to the authorities to take action.

W. C. T. U.

The ladies of the Allison W. C. T. U. are invited to spend the day at Mrs. Cary's (418 south Lee street) Thursday, June 21, to sew for the hospital. The business meeting will also be held at Mrs. Cary's about 3 o'clock in the afternoon.

The regular weekly prayer meeting will also be held at 8 o'clock at the Children's Home, on Duke street.

Excursion Today.

The Columbia Fire Company gave their annual excursion to Luna Park today. Many friends of the company went to the resort and equally as many more are expected to go on the late evening and night trains.

Henry Street—Injunction.

On the night of June 12th last the City Council passed an ordinance repealing an ordinance approved April 14, 1892, authorizing the use of Henry street by the Washington-Southern Railway Company, and also directed the railway company to remove its tracks on that street within twenty days. The ordinance set forth that the railroad company had ceased to keep its tracks in order and had abandoned the running of trains on Henry street. Today the Clerk of the Court received an injunction, granted by Judge Nicol of the Circuit Court and sworn out by Col. F. L. Smith and Mr. C. C. Carlin on behalf of the railway company, restraining Council and Mayor F. J. Paff from molesting or interfering with the railway company in putting in a "frog" at Cameron street, or in repairing, maintaining or operating the railway track on Henry street. The City Council is also enjoined from passing any other ordinances looking to the carrying into effect of the ordinance passed on June 12. According to the order the city, after ten days' notice, has the right to move a dissolution of this injunction. By this action, the railroad company can now put in repair its tracks on Henry street which, it is presumed, it will do at once. Thus commences the litigation.

Coroner's Inquest.

Justice Ashton, of Alexandria county, held an inquest today at Mr. B. Wheatley's undertaking parlors over the body of Alfonso Ponrante, an Italian laborer, who was struck by a locomotive a short distance this side of Waterloo, on the Washington-Southern Railway, a few nights ago and who died from his injuries in a Washington hospital Monday night. Several witnesses testified that they did not hear the whistle of the engine, while equally as many more averred that they did. A recess was taken in order to summon the engineer. When the jury reconvened the engineer and fireman testified that the whistle was sounded and all of the gang, about 25 men, left the track but Ponrante who was struck by the pilot of the engine and his skull fractured. The train was stopped and the injured man taken to Washington. The jury agreed as to the cause of the man's death, but disagreed as to the responsibility of the railroad company, and did not bring in a verdict holding it responsible for the accident.

FINANCIAL

To Save Some Portion of Your Earnings Each Week.

DECIDE on a definite plan and then persist on carrying it into effect. Every man and woman must DECIDE what he or she needs individually. With many the lack of will power is the great curse—procrastination, self-indulgence. With others it is easy good nature, extravagance. With others various habits that mean anything and everything but success. We believe we are giving you the best possible advice when we most earnestly advise you TO SAVE MONEY, for only money saved and accumulated can mean permanent safety for the weak. The progress of men as individuals and as a race has come from MENTAL EFFORTS, from resolutions, from trying to do what they knew they ought to do. Have the strength of character to save. Get your money little by little, but steadily, deny yourself, economize, and as you save deposit it in our SAVINGS DEPARTMENT where it will earn 3 per cent. interest compounded. We solicit both small and large accounts. ONE DOLLAR will start you, so why not decide at once. BEGIN TO DAY.

Queer Salt.

In Lapland they have no salt, and the bark of the fir tree is used as a substitute. The Lapps peel the bark from the trunk of the tree, carefully remove the epidermis and then divide the inner bark into quite a number of very thin layers. During the brief but extremely hot Lapland summer the layers are exposed to the sun until thoroughly dried; then they are torn into narrow strips and placed in boxes made of fresh bark taken from other trees. Deep holes are then dug in the sand, and the bark boxes are buried in them, where they are allowed to remain for about three days. The second day fires are made over places where the boxes are buried and kept burning briskly for several hours. The heat penetrates deep into the sand, turns the fir bark a deep red color and gives to it a pleasing taste and odor. Finally the boxes are unearthed, the fir strips are pounded or ground into a coarse powder, and the Lapps use it just as we do salt, only much more sparingly, because it is so troublesome to prepare.

Got Haydn Interested.

Sir Joshua Reynolds was once commissioned to paint a portrait of Haydn, the celebrated composer. Haydn went to the residence of the painter and gave him a sitting, but soon grew tired. Sir Joshua would not paint a man of such genius with a stupid countenance and adjourned the sitting. The same weariness and want of expression occurring at the next attempt, Sir Joshua communicated the circumstance to the commissioning prince, who contrived a stratagem. He sent to the painter's house a pretty German girl in the service of the queen. Haydn took his seat for the third time, and as soon as the conversation began to lag a curtain rose, and the fair German addressed him in his native tongue with a compliment. Haydn, delighted, overwhelmed the enchantress with questions, his countenance recovered its animation, and Sir Joshua rapidly and successfully seized its traits.

Swiss Funeral Customs.

The funeral customs among some of the Swiss are most peculiar. At the death of a person the family inserts a formal black edged announcement in the papers asking for sympathy and stating that "the mourning urn" will be exhibited certain hours on a special day. In front of the house where the person died there is placed a little black table, covered with a black cloth, on which stands a black jar. Into this the friends and acquaintances of the family drop little black margined visiting cards, sometimes with a few words of sympathy on them. The urn is put out on the table on the day of the funeral. No one except men ever goes to the churchyard, and they generally follow the hearse on foot, though sometimes carriages are used. The horses that draw the hearse have long black cloaks on, with places cut out for them to see through.

To Ascertain Your Brain Power.

Do you possess well formed and evenly balanced features? This is the rule; judge for yourself: The height of your forehead, from your hair to the line of your brow, should be the same as the length of your nose, and both should be commensurate with the depth from the base of your nose to the extremity of your chin, so making three equal divisions. Have you an excess or deficiency of brain power? This question you may answer to your own satisfaction by contrasting the bulk of your head visible above or below a line drawn horizontally through the center of each eye and which normally divides the head into two equal parts.

A Noted Talker.

Dismal stories used to be told of Lady Hester Stanhope's portentous power of talk. "I," said her hapless doctor, "have sat listening for eight, ten—nay, twelve or thirteen—hours at a time!" Mr. Way remained from 3 o'clock one afternoon till dawn next morning tete-a-tete with her, and Lady Hester once kept Mr. N. so long in discourse that he fainted away. No wonder Mr. N. soon expressed a wish to return to Europe.—London Standard.

Terrible Malady.

"Isn't it ridiculous of these scientists to say kissing is dangerous?" scornfully remarked the pretty young man.

"Why, of course, it's dangerous," replied the crabbed old bachelor.

For twenty years W. L. Rawls, of Bells, Tenn., fought nasal catarrh. Notfce to City Tax Payers.

Collector's Office, June 16, 1906.

Notice is hereby given that the tax-bills for 1906, are now in the hands of the collector. The attention of parties interested is respectfully called to the following extract from the revenue bill of this year:

"Upon all bills paid in full by the 1st day of July, 1906, the collector of taxes shall allow a discount of ten per cent., and on all bills paid by the 1st of September, 1906, he shall allow a discount of five per cent, and on all bills not paid by the first day of December, 1906, there shall be assessed and collected a penalty of five per cent upon the amount of said bills, and on all bills remaining unpaid on the 1st day of June, 1907, damages at the rate of six per centum per annum shall be paid."

Tax payers would do well to call and pay at once in order to avoid the rush and crowd usually present on the last days in which the discount is allowed.

Bring a list to make sure you get bills for all your property, as the collector will not be responsible or allow the discount after the time fixed by law.

TO THE OWNERS OF DOGS!

MAYOR'S OFFICE, Alexandria, Va., June 8, 1906.

All persons owning or intending to keep any animal of the Dog or Canine species should come forward on or before

JUNE TWENTY-FIFTH, 1906,

and take out a license for the same from the Auditor. After the 30th of June all persons owning or harboring Dogs without the required license are subject to a fine as the laws on the subject require of $3 or $5.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two Dogs when owning and harboring more, or who send such Dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and policemen will report all such cases, and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

The police officers will be required to report all violations of this law.

☞ In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, etc., on a card or paper when making application for their licenses to the Auditor.

FRED. J. PAFF, Mayor.

The following is a copy of Section 54 of the license law. "On every dog, regardless of sex, one dollar and fifty cents."

YES,

We Probably Have It.

A good many people make the mistake of going to Washington to get something they could buy at home, do not look for it here, just jump to the conclusion that such things are not to be had in Alexandria.

We would like to state to those contemplating purchasing a fine watch, or diamond, or other fine piece of jewelry, clock, silverware, cut glass, etc., that we have a large and complete stock of the above mentioned goods and which we offer at a lower price than is asked for the same goods in Washington.
